

2018 REPORT TO MEMBERS

Helping is who we are

Foresters 
Financial

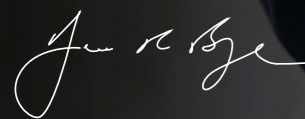

Helping is at the heart of all we do

"Foresters Financial™ begins and ends with our Purpose: to enrich family and community well-being."

Helping people is who we are, and it's been so since the very beginning. Before terms like social responsibility and volunteerism were commonly used, our employees and members were actively giving back and making a difference in their communities.

Consumers now pledge their loyalty to companies that give back, and because Foresters is one of the oldest and most respected fraternal benefit societies, our authenticity and Purpose resonate deeply. In fact, it's what motivates prospective employees who are seeking meaningful work to choose Foresters. They come to work to help the people that help others.

We don't see helping as a choice; we see it as a gift. It's who we've always been, and it will continue to be at the center of all we do.

JIM BOYLE,
President and Chief Executive Officer

"Our Purpose drives everything we do. It's the fiber of our individual and organizational lives at Foresters."

As a Fraternal Benefit Society, Foresters is a member-led, purpose-driven organization dedicated to enriching family and community well-being.

Helping people is who we are; but we can't do it alone.

We have a representative governance system made up of member leaders who live our Purpose every day. In fact, our members provide well over 13,000 volunteer hours every year in their governance roles alone, and many also organize events in their communities.

Our member leaders are our ambassadors, and as we look to the future, I know they will help strengthen our Purpose and continue to provide valuable member feedback so we are always able to enrich the well-being of families and communities.

CHRIS STRAHAN,
International Fraternal President

Helping our members make a difference

"There are benefits of being a Foresters member, and I think being able to organize an event for your community or an organization of your choice is one of them."

RICKY CHEUNG

Foresters member, Alberta, Canada

As a new Branch Councillor, Ricky is determined to continue volunteering with Foresters, which has been a way of life since becoming a member five years ago. From playground builds and beautification projects, to meal prep at local shelters, Ricky has embraced a commitment to giving back to his community through Foresters volunteer opportunities. "Volunteering has helped me get through some rough patches in life," he said. "I've learned the importance and value of giving my time and money, and I feel a sense of fulfillment when I give freely. It's great that Foresters financial backing and support from fellow members makes helping other people easy."

Helping our Branch Councillors affect positive change

"As a Branch Councillor, I'm a conduit to my local community, and Foresters provides the tools and financial assistance to provide help to others."

RODNEY HORTON

Branch Councillor, California, U.S.

When Rodney found out about Foresters member benefits while searching for a life insurance product, he was hooked. Shortly after becoming a member, Rodney decided to run for Branch Councillor in the Mid-Atlantic Constitution Branch, and became Council President a year later. Unfortunately he had to resign his position when he relocated for work. But Rodney had developed a vested interest in the

betterment of Foresters because of its long history of supporting members and their families, and he was eager to continue his service. That's why he is now a Branch Councillor with the Central California and Reno Branch. "I wanted to finish what I started," he said, "even if it meant finishing it on the other side of the country."

"In my role as Branch Councillor, I help focus and support the impact Foresters makes in my community. I'm so proud to be able to make a difference this way."

CARYS SHARP

Branch Councillor, Newport Gwent, U.K.

The first Foresters Community Grant program event that Carys organized was for a cause dear to her heart. Her brother lived on the streets when Carys was a teenager, and she had always wanted to do something to give back to vulnerable youth because of it. Creating comfort kits for her local YMCA to provide to the homeless who use its resources was the perfect choice. After delivering a carload of sleeping bags and toiletries, Carys was filled with pride and satisfaction. "I had a big grin on my face knowing that so many people would be receiving these bags and would be warm and comfortable that night," she said. "Without the financial support from Foresters, I simply wouldn't be able to help so many people."

Helping our employees give back

"I care about the well-being of others and their overall quality of life. Being able to make that kind of difference at work is amazing."

NICOLE GOURLEY

Global Chief Membership Officer,
Toronto, Canada

In November, Nicole and the team she leads at Foresters tied on aprons, rolled up their sleeves and cooked three different meals for Eva's Place, an organization that supports homeless youth in Toronto. The energy was contagious as the team worked together toward one common goal: helping youth in crisis understand that they matter, that they deserve warm, delicious food; and that others care about their well-being. "I'm fortunate that my role enables me to help others," Nicole says. "It's the reason I joined Foresters. Helping others is in our DNA."

"To be part of Foresters means it's easy to reach out and be part of a community."

DAVID TALBOT

Regional Vice President
Canadian Sales,
Calgary, Canada

David understands how fortunate his family is to be able to sleep warmly and eat when they are hungry. That's why to him, giving back is simply non-negotiable. He brought his wife and sons to Highbanks, a Calgary-based organization that provides affordable housing and a nurturing community to young mothers. Foresters volunteers were there to spruce up the center with a coat of paint, and to make meal kits, blankets, and art for the organization's clients. "The families who are here have such a need for the supports of places like this," David said, "so just knowing you did something small to help them is pretty awesome." With the resources Foresters puts back into communities, David knows he can continue making a real and lasting impact.

Helping our agents get involved

“We have so much fun building the playgrounds and seeing the community — the moms, dads, and kids — all working together.”

LOU SEVERINO

VP Marketing, NIDA Marketing Group, Inc., Minnesota, U.S.

With at least 10 playground builds under his belt, Lou is a veteran volunteer. But he was proud to once again roll up his sleeves and help Foresters and KaBOOM! build a milestone playground in Minneapolis. In six hours, Lou and 200 other volunteers helped create what became Foresters 150th playground since the start of our partnership in 2006. For Lou, seeing the kids run out onto the

brand new playspace for the very first time, knowing that Foresters does this all over North America, was exhilarating. “It gave me a sense of connection and belonging to an organization that’s truly making a difference,” he said. “That our business with Foresters allows us to experience something like this is tremendous.”

2018 financial highlights

Financial highlights for the year ended December 31, 2018
(All amounts are in Canadian dollars, unless otherwise stated)

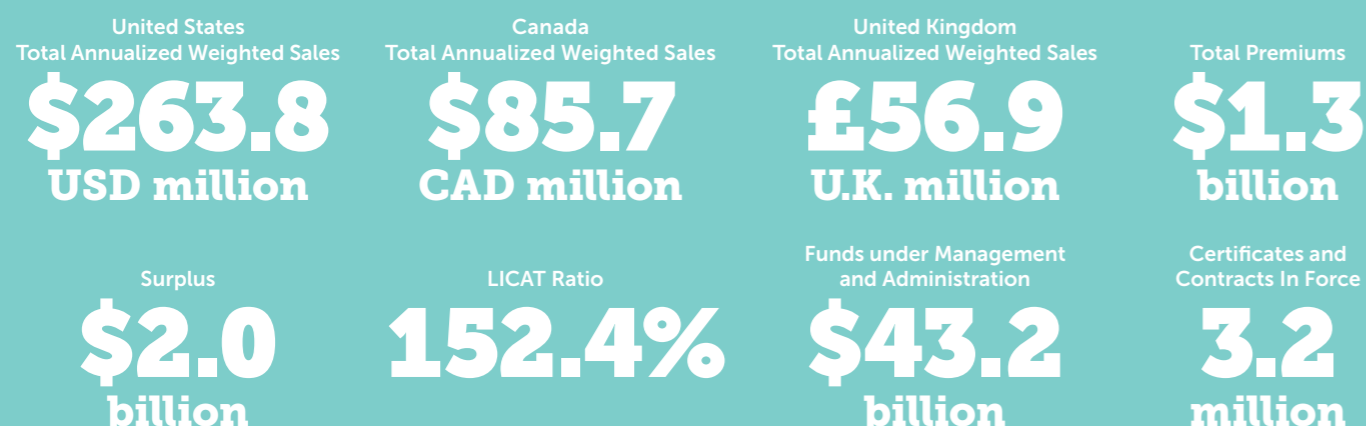

Dear fellow members,

The board is pleased with the strengthening of Foresters Executive Committee during the past year, which was led by our CEO, Jim Boyle. I'm confident Jim and his team possess the drive, experience and talent to continue to improve Foresters financial performance, ensuring our ability to deliver our Purpose at a high level.

We all look forward to a busy and productive 2019.

BOB LAMOUREUX,
Chair of the Board

Key results at a glance

What the numbers mean

Annualized weighted sales

Annualized weighted sales is a common measure used in the life insurance industry to measure new sales of products during the year. In this measure, for example, sales of policies with ongoing premium payments receive a higher weighting than sales of products with a single premium payment and fees earned on funds under management and administration.

Total premiums

This amount is the total gross life insurance and annuity premiums paid or owing to Foresters Financial during the year from certificate and contract holders.

Surplus

Surplus is the value of our assets minus our financial obligations to members and others. A strong surplus position first and foremost gives Foresters Financial the ability to withstand economic and business volatility, and it allows us to invest in the growth of our business through increased sales and acquisition activities. Also, a portion of earnings on surplus is used to fund member benefits and community investments in support of Foresters purpose.

LICAT ratio

The Life Insurance Capital Adequacy Test ("LICAT") ratio is a capital adequacy measure for life insurance companies established by the Office of the Superintendent of Financial Institutions Canada ("OSFI"). It is a measure used to monitor that insurers maintain adequate capital to meet their financial obligations.

Total comprehensive income (loss)

This is the sum of net income and other items not recorded in net income such as unrealized gains and losses from foreign currency translation, unrealized gains and losses on assets backing our surplus and certain changes in employee benefit plan obligations.

Funds under management and administration

This is the total market value of the assets that we manage and administer on behalf of our members and customers.

Certificates and contracts in force

This is the total number of certificates and contracts that are active or "in force" at The Independent Order of Foresters and its subsidiaries.

Sales

United States
Total Annualized Weighted Sales
(USD millions)

Total U.S. annualized weighted sales were \$263.8 million, a 3.5% increase from 2017. The increase was driven by an 8.8% growth in life insurance and annuity sales over prior year.

Canada
Total Annualized Weighted Sales
(CAD millions)

Annualized weighted sales were \$85.7 million, a 46.0% increase over 2017. The Canada Protection Plan and Managing General Agent Brokerage sales channels continued to have strong sales levels with a growth of 9.9% and 9.2% respectively over prior year.

United Kingdom
Total Annualized Weighted Sales
(U.K. £ millions)

Total annualized weighted sales of £56.9 million, £44.6 million via the sales force channel and £12.3 million via direct-to-customer channel, decreased 0.4% over 2017. The slight decrease was primarily due to volatile investment markets throughout the year that resulted in a decrease in investments in single lump sums.

Key results

Total Premiums
(CAD millions)

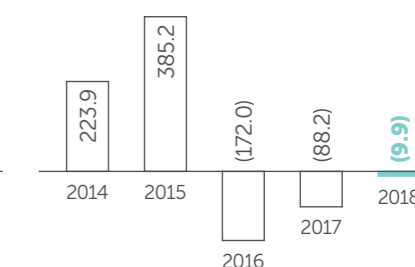

Total gross life insurance premiums were \$1.3 billion, an 11.4% increase from 2017. Premiums have steadily increased since 2014 largely due to our growing block of in-force policies and continued growth in new business sales.

Surplus
(CAD billions)

Total surplus was \$2.0 billion at the end of 2018. The net loss during the year was offset by net unrealized foreign currency gains. At December 31, 2018 our LICAT ratio was 152.4%, well above the Canadian life insurer average of 139% at December 31, 2018.¹

Total Comprehensive Income (Loss)
(CAD millions)

Total comprehensive loss of \$9.9 million for 2018 was largely due to declines in equity markets and government yields driving unrealized losses on investments of \$465.3 million, and industry updates impacting the assumptions and methodology used in determining actuarial liabilities which resulted in losses of \$38.1 million. These losses were partially offset by strong sales performance and net unrealized foreign currency translation gains.

Funds under Management and Administration
(CAD billions)

Funds under management and administration were \$43.2 billion, a 4.4% decrease over 2017. The decrease was due primarily to volatile investment markets contributing to lower assets under management.

Certificates and Contracts In Force
(thousands)

At December 31, 2018, Foresters Financial had nearly 3.2 million certificates and contracts in force. Since 2014, the number of in-force certificates and contracts has grown by 6.2% due to strong sales of our products.

The full consolidated financial statements are available at foresters.com under Financial strength

Notes to the Summary Financial Statements

1. Basis of Presentation of the Summary Financial Statements

The summary consolidated statement of financial position and summary consolidated statement of comprehensive income (loss) have been summarized from The Independent Order of Foresters ("Foresters Financial") consolidated financial statements, which are prepared in accordance with International Financial Reporting Standards to portray in summarized form Foresters Financial's financial position and results of operations. The criteria applied by management in the preparation of these summary financial statements are as follows:

- the information in the summary consolidated financial statements is in agreement with the related information in the audited financial statements; and
- summary consolidated statements of changes in equity, cash flows, significant accounting policies and other explanatory information have not been presented, as the relevant information can be obtained from the Foresters Financial's consolidated financial statements.

The summary consolidated statement of financial position and summary consolidated statement of comprehensive income (loss) are only a summary of the information in Foresters Financial's consolidated financial statements for the year ended December 31, 2018. They do not contain all the disclosures required by International Financial Reporting Standards or sufficient information to allow as full an understanding of the results and state of affairs of Foresters Financial as would be provided by the full consolidated financial statements for the year ended December 31, 2018.

The full consolidated financial statements are available at foresters.com under Financial strength.

2. Basis of measurement

Foresters Financial's consolidated financial statements have been prepared on the historical cost basis except for the following material items in the statement of financial position:

- Financial assets at fair value through profit or loss, available-for-sale financial assets and derivative financial instruments are measured at fair value;
- Employee benefit assets and obligations represent the funded status of these plans which is calculated as the difference between plan assets at fair value and the present value of defined benefit obligations;
- Reinsurance assets and insurance contract liabilities are calculated using the Canadian Asset Liability Method ("CALM") which is based on accepted actuarial practices according to standards established by the Canadian Institute of Actuaries and the requirements of the Office of the Superintendent of Financial Institutions Canada. This method involves the projection of future events in order to determine the amount of assets that must be set aside currently to provide for all future obligations, including the provision of fraternal benefits, and involves a significant amount of judgment; and
- Land and buildings are measured at fair value.

Goodwill is initially measured as the excess of the purchase price of an acquisition of a subsidiary over the fair value of net identifiable assets acquired. After initial recognition, goodwill is carried at cost less any accumulated impairment losses, which are assessed annually. The initial cost of intangible assets acquired in a business combination is fair value at the date of acquisition. After the date of acquisition, these intangibles are carried at cost less accumulated amortization and impairment losses, which are tested when indicators are present and annually for indefinite life intangibles.

3. Foreign Currency

The Independent Order of Foresters functional and reporting currency is in Canadian dollars (CAD) which is the basis for the presentation of the consolidated financial statements. The functional currencies of the foreign subsidiaries and branch operations have been translated into Canadian dollars. All assets and liabilities are translated at the closing exchange rate at the balance sheet date, and the income and expenses are translated using the average exchange rate for the year. The accumulated gains or losses arising from translation are presented separately in the currency translation accounts, a separate component of accumulated other comprehensive income ("AOCI").

Appointed Actuary's report

To the Board of Directors of The Independent Order of Foresters

I have valued the policy liabilities and reinsurance recoverables of The Independent Order of Foresters for its consolidated statement of financial position as at December 31, 2018 and their changes in the consolidated statement of comprehensive income (loss) for the year then ended in accordance with accepted actuarial practice in Canada including selection of appropriate assumptions and methods.

In my opinion, the amount of policy liabilities net of reinsurance recoverables makes appropriate provision for all policy obligations and the consolidated financial statements fairly present the results of the valuation.

These summarized consolidated financial statements do not contain all the disclosures required by accepted actuarial practice. Readers are cautioned that these statements may not be appropriate for their purposes. For more information on Foresters Financial's financial position, results of operations and cash flows, reference should be made to the related complete consolidated financial statements.

TRUDY ENGEL, F.S.A., F.C.I.A.
Fellow, Canadian Institute of Actuaries

Report of the Independent Auditors on the Summary Financial Statements

To the Board of Directors of The Independent Order of Foresters

Opinion

The summary consolidated financial statements of The Independent Order of Foresters (the Entity), which comprise:

- the summary consolidated statement of financial position as at December 31, 2018
- the summary consolidated statement of comprehensive income (loss) for the year then ended
- and related notes

(Hereinafter referred to as the "summary financial statements") are derived from the complete audited consolidated financial statements of The Independent Order of Foresters as at and for the year ended December 31, 2018.

In our opinion, the accompanying summary financial statements are consistent in all material respects, with the audited consolidated financial statements, in accordance with the criteria disclosed in Note 1 in the summary financial statements.

Summary Financial Statements

The summary financial statements do not contain all the disclosures required by International Financial Reporting Standards. Reading the summary financial statements and the auditor's report thereon, therefore, is not a substitute for reading the Entity's audited consolidated financial statements and the auditor's report thereon.

The Audited Financial Statements and Our Report Thereon

On our report dated February 12, 2019, we expressed an unmodified opinion on the audited consolidated financial statements.

Other information

Management is responsible for the other information. Other information comprises:

- Information, other than the summary financial statements and the auditors' report thereon, included in the 2018 financial highlights.

Our opinion on the summary financial statements does not cover the other information and we do not and will not express any form of assurance conclusion thereon.

In connection with our audit of the summary financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the summary financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We obtained the information, other than the summary financial statements and the auditors' report thereon, included in the 2018 financial highlights as at the date of this auditors' report.

If, based on the work we have performed on this other information, we conclude that there is a material misstatement of this other information, we are required to report that fact in the auditors' report.

We have nothing to report in this regard.

Management's Responsibility for the Summary Financial Statements

Management is responsible for the preparation of the summary financial statements in accordance with the criteria disclosed in the notes to the summary financial statements.

Auditors' Responsibility

Our responsibility is to express an opinion on whether the summary financial statements are consistent, in all material respects, with the audited financial statements based on our procedures, which were conducted in accordance with Canadian Auditing Standards 810, Engagements to Report on Summary Financial Statements.
